

Main Stage

- A series of projects that represent makers, fashion, music, performing, and interactive games with all makers.
- The whole stage relies on manual labor of riding bicycles, which is energy-conserving and environment-protective.

Main Stage

· Robot Band

Main Stage

· Pedal Powered Stage

Main Stage

· Huge Vending Machine

A Bite of Robot

Could there be any connection between makers and cooking?

Certainly! Cooking and eating can be fun, no matter robot bartender, beer robot, sliced noodles robot, super pot and master Chinese food robot, molecular gastronomy, and simmer equipment, together with technology, they will lead a new trend to food industry.
